

OpenGate Capital Acquires Majority Interest in InRule Technology, Inc.

DECISION PLATFORM HELPS ORGANIZATIONS KEEP PACE WITH CHANGING
MARKETPLACE AND CUSTOMER NEEDS

InRule provides a decision platform that allows organizations to manage complex decisions and business rules in applications without having to modify code, ultimately driving enterprise agility, productivity and transparency.

[READ MORE ABOUT THE ACQUISITION](#)

KEY BUSINESS HIGHLIGHTS:

- Headquartered in Chicago, IL
- Primarily sold to financial services, insurance, government and healthcare enterprises where processes are complex and/or frequently changing
- Use-cases include insurance eligibility, mortgage qualification, risk rating and fraud reduction, regulatory compliance, healthcare claims processing and CPQ calculations
- Customers include American Express, Roche, Aon, DXC Technology, CDK Global, and Temenos
- OpenGate acquired majority interest and partnered with founders in August of 2019

SEEKING ADD-ON OPPORTUNITIES:

OpenGate and InRule are actively seeking M&A growth opportunities in the following sectors:

- Business Process Management
- Workflow Automation
- Test Data Management
- ETL (Extract Transform Load)
- Predictive Analytics / Machine Learning
- Decision Modeling
- Low-code / No-code App Development
- Robotic Process Automation
